INTERNATIONAL MBA REQUIREMENTS AND SATISFACTORY ACADEMIC PROGRESS

Students in the International MBA program take 12 courses, for a total of 36 units (12 courses, 3 units each). Each course is 6 weeks long. Students must maintain a 3.0 grade point average (GPA) in order to graduate from the program. Any students whose GPA falls below a 3.0 will be put on Academic Probation and given two terms to bring his/her GPA back to a 3.0 level. Students who earn a grade lower than an 80% (a "C," "D," or "F") on any given course must repeat the course. The schedule is set each year and typically announced in the Fall. Failure to take an available course when one is offered may prevent a student from completing his/her program in the allotted time. The maximum time allotted for completion of the International MBA program is 3 years. Students who have not completed their programs within the maximum allotted time are subject to academic dismissal. Students may be granted an extension to their program only after receiving written approval from the Program Director, the Office of the Registrar and the Office of Financial Affairs.

Students in the MBA in International Business program must complete an International Business Capstone as the final component of their program. MBA students will be required to prepare a summative assignment in the form of a case study that will be based on a real-world challenge. Upon completion, students will be able to develop a management plan to create and manage an international business; evaluate how to find appropriate ways to establish an international business; and understand the importance of cross-cultural sensitivity in international business. Students must earn a final grade of 80% or higher in the International Business Capstone course in order to graduate.

Course Schedule & Evaluation Structure

COURSE DESCRIPTIONS

AKIO MORITA SCHOOL OF BUSINESS COURSES

BUS 510 INTERNATIONAL ECONOMICS

Economics is an important subject that affects the way we live in not only the United States but internationally for countries who use the market system to determine the allocation of resources in their society. The aim of this course is to help students understand the operation of a market system in an international setting and to explore the nature and organization of various societies and the arguments underlying many of the great global public issues of the day in an international setting, and to understand the operation and behavior of international business firms and other decision-making entities through the study of the principles of international economics useful to students in the international MBA program.

BUS 520 INTERNATIONAL HUMAN RESOURCE MANAGEMENT

Human beings are the most crucial components of any organization as all other company assets are always subject to human decisions. Recruitment, management and training of the workforce are then crucial tasks that contribute to the company's success and can even be decisive for its survival. This is true whether we are considering domestic companies or international companies. This course focuses on the study of human management principles as they reflect on the basic assumption of treating employees as investments benefiting a company in the long run from the international perspective. The class is designed as an overview of traditional functions of

international human resource (IHRM) management and an examination of its governing mechanisms contributing to the success of an organization. Compensation, staffing, training, labor relations and employee performance evaluation are studied from an international perspective among other aspects of international human resource management.

BUS 530 INTERNATIONAL ACCOUNTING

In our increasingly globalized world, accounting students need to understand the main features of financial reporting practices as they differ in different countries so that they will be able to distinguish accounting and reporting differences that would otherwise give rise to problems for report readers. It is also vitally necessary to understand the ongoing efforts to harmonize standards using International Financial Reporting Standards (IFRS). The course aims to give participants a thorough grounding in the key principles of accounting while enabling them to understand the major features of the international IFRS standards. The course shows the links between accounting statements, valuation methods and investment analysis. The course also reviews important technical areas of differences among accounting systems such as inventory valuation, the use of reserves, consolidations, and taxation of income. The student will be able learn to identify problems in international harmonization while appreciating the capital market efficiencies to be gained from harmonization of international accounting standards.

BUS 540 INTERNATIONAL MARKETING

International Marketing frequently requires major changes in how organizations conduct business in a global marketplace. It is a necessity for today's business leader to be aware of the implications of marketing strategies and how they are employed in different countries with different cultures. This course focuses on identifying and meeting the needs of specific international target markets through close interaction with managers from other functional areas, such as promotion, finance, accounting and human resources.

BUS 550 INTERNATIONAL MANAGEMENT

We are observing a fundamental shift in the nature of geopolitics. No longer will global business leaders focus on one or two stock markets, currencies, economics or political leaders. Today's business environment is far too complex and interrelated for that. Nation states and multinational corporations will remain both powerful and important. Global networks comprising technological, entrepreneurial, social and environmental interest groups will remain powerful. Future economic and business endeavors will increasingly be characterized by a search for common ground, productive partnerships, and mutual benefit. This course will focus on developing a deeper understanding of how and why management practices and processes can differ around the world, and the development of the skills necessary to function successfully in this international business environment.

BUS 560 INTERNATIONAL FINANCE

This course covers material essential to a comprehensive understanding of international financial management. Topics will include, but not be limited to, foreign exchange markets, the global cost of capital, corporate strategy and foreign investment and multinational capital budgeting.

BUS 542 INTERNATIONAL BUSINESS LAW & PRACTICE

This course provides a comprehensive coverage of the legal, cultural, political, economic and ethical issues faced by global business managers. An understanding of these issues is enhanced through the use of real world examples, cutting edge cases, managerial problems, and ethical issues.

BUS 570 INTERCULTURAL COMMUNICATIONS

Intercultural communication is international communication across national boundaries involving many different cultures. There is a wide range of communication problems that naturally appear when one moves across national boundaries, and within organizations which are made up of individuals from different countries representing different religious, social, ethnic, and educational backgrounds. Intercultural communication seeks to understand how people from different countries and cultures behave, communicate and perceive the world around them quite differently. From a management perspective, it studies situations where people from different cultures interact in a business environment. The purpose of this course is to gain an understanding of the variations in language, customs, social attributes, thought patterns, and other aspects of cultures of different groups of people. An understanding of intercultural communication is essential for the conduct of international businesses. It is the purpose of this course to provide this understanding.

BUS 572 SEMINAR IN INTERNATIONAL BUSINESS

Successful managers in a world of global competition must have an array of skills, talents and abilities at their disposal. This course uses extensive examples to illustrate the vibrancy and challenge of international business. Coverage of relevant topics includes the degree of geographical literacy necessary to succeed in international markets, which is frequently overlooked in more traditional courses.

BUS 575 SUPPLY CHAIN MANAGEMENT

Supply Chain Management involves the flows of materials and information among all of the firms that contribute value to a product, from the source of raw materials to end customer. The goal of this course will be to help students understand the strategic importance of good supply chain design, planning, and operations for every firm, to provide students with the use of key drivers on a conceptual and practical level to improve supply chain performance, and to give students a solid understanding of analytic methodologies for supply chain analysis necessary to achieve significant increase in performance.

BUS 610 INTERNATIONAL BUSINESS CAPSTONE

This final, summative experience is the cumulation of the MBA in International Business and a capstone to the educational program. MBA students will be required to prepare a summative assignment in the form of a case study that will be based on a real-world challenge. Upon completion, students will be able to develop a management plan to create and manage an international business; evaluate how to find appropriate ways to establish an international business; and understand the importance of cross-cultural sensitivity in international business.

BUS 535 TRIPLE BOTTOM LINE ACCOUNTING & MANAGEMENT

The Triple Bottom Line Accounting and Management course is an expanded version of accounting for corporate activity. Contemporary society has moved away from the mere financial bottom line to a higher level of social responsibility where we account for the true social impact of our business activity. Through this expanded version of accounting and accountability, social and environmental impact is added to the equations. Thereby the report of corporate activity and management comprehensively reflects a true bottom line. The three prongs of the true bottom line become clear: economic prosperity, environmental quality and social justice. This course provides the basis for business students to go forward and determine the true social effects of the businesses they are working for and to manage for the future.

BUS 545 GREEN MARKETING & ENVIRONMENTAL PRODUCT DESIGN/ RECYCLING

Green Marketing & Environmental Product Design/Recycling is a course structured around the traditional “4Ps” of marketing and explains how marketing mix decisions can and do influence environmental outcomes. Throughout the course, the emphasis will be on the conversion of consumption systems to a sustainable paradigm that represents a circular use of resources, not the linear approach (materials >products >consumption >disposal) that leads to the pollution of ecosystems. The major theme of the course is that marketers can reinvent strategy and craft “win-win-win” solutions, where customers win (obtaining genuine benefits), organizations win (achieving financial objectives), and ecosystems win (ecosystem functioning is preserved or enhanced).

BUS 555 CORPORATE SOCIAL RESPONSIBILITY (CSR) & ETHICS

Corporate Social Responsibility and Ethics is a comprehensive study of the core issues for business in the questions of sustainability, social responsibility and ethics. The course introduces the student, not only to relevant issues, but the views of corporate stakeholders. Approaches for presenting and carrying out a program of sustainability are presented, including strategic planning, targets, goals and alternative approaches. A principal part of the course is devoted to the ethics of business and issues of transparency, including discussion of the social impact of non-ethical and non-transparent business practices. Case studies, a team project and practice assignments assist in presenting these themes on a practical level. The course concludes with information and discussion on trends in sustainability and business ethics. A principal goal of the course is to show that community engagement and the maximization of profit/ shareholder value are not mutually exclusive, but mutually reinforcing.

BUS 565 SUSTAINABLE ENTERPRISE DEVELOPMENT & LEADERSHIP

Sustainable Enterprise Development and Leadership is a course which provides a comprehensive and practical analysis of what sustainable business development is and how companies can use it to make a significant difference. Sustainable development involves articulating, integrating and achieving social, economic, and environmental objectives, and initiatives to protect humankind and the natural world from destructive behaviors. Sustainable business development is a holistic management approach which includes the entire value-added system from the origins of raw materials, to production processes, to customer use, to product end of useful life. Sustainable outcomes are those that balance the performance objectives of the present with the needs and

expectations of the future. To achieve these outcomes, there must be a profound change in strategic thinking, leadership and the management of businesses.

CARLAND ENTREPRENEURSHIP INSTITUTE COURSES

ENT 500 ENTREPRENEURIAL INNOVATION

This course is imperative to successful entrepreneurial ventures. The ability to differentiate oneself from the competition is paramount. Each of us has the gifts for innovation, but we are often loath to use them as risk always accompanies innovation. Some are more comfortable with risk than others, thus understanding the personality of entrepreneurs enables us to use the gifts of others to our advantage. Unfortunately, the emphasis on “right answers” and “minimizing risk” causes many of us to react cautiously in the workplace where compensation and rewards are applied for convergence rather than divergence, no matter the outcome. This course helps us to find out about ourselves, helps us to understand how others think and react, helps us to practice creative exercises which can open our minds to new possibilities, helps us to understand why some companies are more innovative than others and discusses what might be accomplished in the creative environment.

ENT 540 ENTREPRENEURIAL FORECASTING

The objective of this course is inculcate in students an understanding of the forecasting and budgeting process and for students to learn how to prepare sales forecasts for new and for existing ventures, to prepare variable and fixed cost budgets to support the sales forecast, and how to document and support the resulting forecasts, and how to prepare cash flow forecasts and determine start up costs for a new venture. Students will develop higher-level critical thinking skills, evidenced by analysis, evaluation, and synthesis.

ENT 560 INTELLECTUAL PROPERTY

The objective of this course is to inculcate in students an understanding of the value of intellectual property to an entrepreneurial venture and for students to learn how to create, protect, and preserve intellectual capital. Students will develop higher-level critical thinking skills, evidenced by analysis, evaluation, and synthesis.

ENT 580 ENTREPRENEURIAL STRATEGY

The objective of this course is to inculcate in students the strategic skills which are required to support the ongoing development of strategy and distinctive competencies, the vision required to support effective environmental scanning, and the knowledge required to plan for harvesting/succession and to design and create innovative and effective entrepreneurial compensation plans. Students will develop higher-level critical thinking skills, evidenced by analysis, evaluation, and synthesis.

ONLINE LEARNING RESOURCES

AU ONLINE CLASSROOMS

Anaheim University students in the International MBA meet via webcam in real-time interactive online classes with their professors and fellow students for 90 minutes twice during a six-week course: at the end of the first and fifth weeks of the term. Chat transcripts and audio/video of all online classes are recorded and posted allowing students to stay focused on the live discussion during the class, and the opportunity to review the class discussion afterwards. These classes are usually held on Friday evenings US time which is Saturday morning in Asia. Real-time class recordings may be accessed through the AU Online System for students who are unable to attend class or simply wish to review their class notes. Such transcripts may be viewed online at anytime or printed out in a neat, convenient format - the perfect alternative to distracting note taking during class.

AU ONLINE DISCUSSION FORUM

The Online Discussion Forum is an electronic bulletin board and e-mail list facilitating lively communication and interaction among students and their professor. When a student posts a message to the Forum, the message is automatically redistributed to the professor and all other students in the course, allowing students to discuss the week's readings in their free time. A weekly Student Host directs students to perform certain tasks as outlined in the online Course Guide. The Online Discussion Forum plays an integral part in AU's online programs by facilitating the out-of- class interaction between students necessary for an effective exchange of ideas. The AU Online Discussion Forum ensures that learning and interaction does not end when the real-time class does.

ONLINE BOOKSTORE

The Online Bookstore is the one-stop source for textbook and course material needs. Designed for students to buy textbooks based on their course schedule, track their textbook orders, and sell their textbooks back from a previous semester, the Online Bookstore offers money-saving used books, multiple shipping options, and access to hundreds of academic items related to your studies. In an effort to provide additional savings, textbooks or course materials may be available for purchase in an electronic format. Purchases will be subject to the refund policy of the bookstore.

LIBRARY

Anaheim University requires all of its students to make extensive use of library facilities and resources in the course of their program. The University's online resources provide a major boost in assisting and supporting a student's academic work. The login ID and password provided by the University to the student upon enrollment will provide the student access to the online resources. Anaheim University makes certain provisions in order to provide access to library resources and library services for all students enrolled directly through Anaheim University. However, students enrolled in Anaheim University's online graduate degree programs are required to have an additional reserve fund to be used for the purchase of journals and research - materials that will aid them in their studies by providing information specific to their unique areas of interest and research - and to provide access to software and other resources that may help them in the completion of their studies. The research reserve fund is \$1,500 for master degree students and \$2,000 for doctoral students to be used over the duration of

their program. Note: Students are not required to spend the entire research fund - only that amount necessary in order to carry out their research.

AU ONLINE LEARNING COMMUNITY

AU's online learning community is a global network of students, graduates, faculty, researchers, and Global Learning Partners. The diversity of the student body adds to the richness of the learning experience and the global network of graduates provides for a world of possibilities. Numerous collaborations and a wide range of opportunities have resulted from this global network through which students are able to exchange information about the markets in which they live and work.

STUDENT SERVICES AND TECHSUPPORT

The policy of Anaheim University is "Students First, Always" and Anaheim University's Student Services staff is committed to providing students with the administrative services they need for course registration, textbook ordering, graduation, etc. Technical issues are addressed by the TechSupport Division of the University.

GRADUATION STORE

Alumni of Anaheim University have the opportunity to show Anaheim pride by ordering Anaheim University graduation rings and diploma frames online.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Anaheim University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the Master of Business Administration degree you earn in the Anaheim University Akio Morita School of Business is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Anaheim University to determine if your credits or degree will transfer.

ACCEPTANCE OF CREDITS EARNED AT OTHER INSTITUTIONS

Anaheim University will accept up to two (or three, for a DBA) graduate semester classes or the equivalent in units (6 units for an MBA or ME, 8 units for MA TESOL, MFA or Ed.D, 9 units for a DBA) awarded by another institution toward a Masters or Doctoral degree at Anaheim University. The entering student will be required to clearly demonstrate the equivalency of a transfer course through relevant documents (syllabus, catalog, course outline) and justify its acceptance through petition. No course will be considered for transfer with a grade lower than a "B" or its equivalent. Petitions are directed to the specific Dean or Director for the affected program. There is a fee of \$75 per graduate course, and the overall program cost will be adjusted to reflect credit for the approved class(es). All petitions for transfer credit must be submitted as part of the student's initial application to the University. Credits awarded as part of another degree will not be accepted for transfer. Anaheim University has not entered into an articulation or transfer agreement with any other college or university.

EXPERIENTIAL CREDIT

Anaheim University will not extend credit for prior experiential learning to any student.

ATTENDANCE

Anaheim University students participate in a weekly discussion forum in which they must contribute regular

substantive posts to the discussion questions. In addition, all degree students must participate in the scheduled Real-Time Online Classes for each course. Business courses include two online classes within the six-week term; students are expected to attend both sessions and must make arrangements with the professor for make-up work if they are unable to attend a session. TESOL and MFA degree courses include eight online classes within the nine-week term; students are expected to attend at least six of the sessions. Students are expected to utilize their webcams during their live classes regularly throughout their program. In addition to providing a more interactive learning environment, use of webcams will also allow Anaheim University to complete student identity verification in line with accreditation requirements. Periodically during the program, Anaheim University will request a student to turn on his/her webcam for this purpose. In addition to the assigned course assessments, students are graded on participation in the discussion forum and online classes. A student is considered to have dropped a course if s/he fails to attend classes for a three-week period or fails to submit three consecutive lessons.

CONTINUOUS ENROLLMENT

All degree, diploma, and certificate students are required to keep active status from the date of commencement of their first course through the final course in their program by being enrolled and meeting all academic requirements, and financial obligations. Students are required to enroll in a course every time a course that is needed for their program completion is offered. Students completing theses, research portfolios, final capstone projects, or dissertations must remain enrolled each term until their program requirements have been completed in their entirety and they have received final written approval on the completion of their thesis, research portfolio, final capstone project, or dissertation.

Any student who discontinues their studies with the University for one or more terms may be dismissed from their program. Students who have been dismissed from a program and wish to resume their studies at a later date must re-apply for admission to the program. Prior enrollment does not guarantee acceptance to any program and will require permission from the Office of Academic Affairs, the Registrar's Office, and the Office of Financial Affairs. Students re-enrolling will go through the entire enrollment process again and may be subject to new entrance, financial and academic requirements as well as a review of their progress to date. Enrollment limitations as well as new policies and procedures could result in the student not being accepted, or affect the length and cost of the program.

The above policy does not apply to students who are on active military duty or who are on approved Medical Leave of Absence. Students on active military duty who have to temporarily suspend their studies due to service requirements will not incur any financial penalties during their leave or upon their return. Students who are deployed during their program will need to provide Student Services with a confirmation of their deployment and their planned return date. If students need to take a short-term leave due to service requirements during a course, they should contact their course professor and Student Services for appropriate accommodations.

FINAL GRADES

Final Grades are submitted two weeks after the final day of the course. Students are notified of their final grades by email once the grades have been submitted. Students who have been approved for an extension will be notified of their final grades once all terms of the extension have been met.

VISA STATUS

Anaheim University does not provide visa services but can provide a letter verifying a student's active status upon request.

STATE LICENSURE

The programs at Anaheim University are not designed to lead to positions requiring licensure in this state.

HOUSING

As Anaheim University programs are conducted online, regardless of where the student resides, the University does not have dormitory facilities under its control and does not provide housing or dormitory facilities.

PLACEMENT SERVICES

Anaheim University does not offer placement services.

STUDENT TUITION RECOVERY FUND

It is a state requirement that a student who pays his or her tuition is required to pay a state-imposed assessment for the Student Tuition Recovery Fund (STRF).

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589. To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.

MEDICAL LEAVE OF ABSENCE

The Petition for Medical Leave form must be submitted within 30 days from the start of the course for which the medical leave is being applied. The maximum period of a leave of absence is one (1) term per leave. Students may apply for a maximum of four (4) leaves of absence for medical reasons throughout their degree program, and students in non-degree programs may apply for a maximum of one (1) leave of absence for medical reasons. Each leave of absence equals one (1) term and requires a separate petition which must be approved by the University's administration. Only students in good academic and financial standing will be considered for approval of leave. Medical issues requiring more than four (4) leaves of absence must be approved in writing by the university's administration. Students taking a medical leave of absence during the dissertation, thesis, research portfolio, or capstone project phase, will not have access to advisor/professor resources until they resume their studies. Program structure and requirements for completion are subject to change during the period of medical leave. The [Petition for Special Medical Leave of Absence Form](#) can be downloaded from the University website and requires a licensed physician's signature.

STUDENT CANCELLATION, WITHDRAWAL, AND REFUND RIGHTS

The student has the right to cancel an enrollment agreement in any manner through the first day of the course, or the seventh day after signing the enrollment agreement, whichever is later (the "Cancellation Period"), and obtain a full refund of all monies paid. Students canceling after the seven-day Cancellation Period will receive a refund of all amounts paid, less the non-refundable registration fee of \$100 and the non-refundable application fee of \$75 (for graduate programs) or \$50 (for undergraduate programs).

The written notice of cancellation may be given by e-mail, fax, or postal service (in which case, the effective date

begins when the letter is deposited in the mail properly addressed with postage prepaid). The “Official Notice of Withdrawal” form can be downloaded from the University website.

For the purposes of determining the student's obligation for the time attended, the student will be considered to have withdrawn from the program when any of the following occurs, unless the Dean or Program Director determines a different course of action:

- The student notifies the school of the withdrawal.
- The school terminates the student's enrollment.
- The student fails to attend classes for a three-week period. In this case, the date of withdrawal will be the last date of attendance.
- The student fails to submit three consecutive lessons or fails to submit a completed lesson required for home study or correspondence within 60 days of its due date.
- The student has not responded to communication in any form from the University for four months.
- Students who have been withdrawn from their program for any of the above reasons may be required to submit a new application (and all applicable fees) if they wish to continue. Tuition for all courses is refunded based on the number of weeks completed.

<i>For Courses Lasting 6 Weeks</i>	Percentage of Refundable Tuition	Sample Calculation Based on \$1,700 tuition for a 6 Week course
Week 1 (days 0 - 7)	100% of tuition refunded	Refund: \$1,700 (100% of \$1,700)
Week 2 (days 8 – 14)	70% of tuition refunded	Refund: \$1,190 (70% of \$1,700)
Week 3 (days 15 – 21)	40% of tuition refunded	Refund: \$. 680 (40% of \$1,700)
Week 4 (days 22 – 28)	20% of tuition refunded	Refund: \$. 340 (20% of \$1,700)
Weeks 5 - 6	0% of tuition refunded	Refund: \$0

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from the federal financial aid funds. If the student paid for his/her entire program at the time of enrollment and received the 10% tuition discount for payment in full, the regular course tuition will be used in the calculation of the refund since the discount will no longer apply. All monies due the student will be refunded within 30 days of the notice of cancellation.

If the student has been approved for a monthly payment plan, Anaheim University will calculate the total amount of tuition and fees owed to the University based on the number of courses taken, and compare this amount with the total amount the student has paid up to the date of their withdrawal. Any amount paid over the total amount of tuition and fees will be refunded to the student. If there is a balance due, the student will be responsible for the remaining amount.

STUDENT PRIVACY

Anaheim University makes every effort to protect student privacy. Student records are stored in secure, locked, fire-proof facilities which have restricted access and a motion sensor alarm security system. The university's online course management system maintains strict data security protection in addition to user authentication and virus scanning. Cloud storage of back-up records is protected by a two-step verification process in addition to the highest standards in SSL browser encryption.

All transcripts are issued in compliance with the Family, Educational Rights and Privacy Act of 1974 (section 438 of

Public Law 93-380), and information contained in the transcript is not released to a third party without the written consent of the student. If a student requests the release of any information from his/her file, the student must submit the request in writing to the Registrar.

RETENTION OF STUDENT RECORDS

Student records are stored in secure, locked, fire-proof facilities which have restricted access and a motion sensor alarm security system. The university's online course management system maintains strict data security protection in addition to user authentication and virus scanning.

Cloud storage of back-up records is protected by a two-step verification process in addition to the highest standards in SSL browser encryption. Anaheim University retains all student records and transcripts indefinitely. A student or graduate can request information by contacting the University at its offices.

STUDENT GRIEVANCE PROCEDURES

Anaheim University places great emphasis on putting the educational experience of its student body as the first priority of its administration, faculty, and staff. In line with this "Students First, Always" policy, the University seeks to continuously improve the educational experience of its students, including the quality of academics, learning resources, online learning system, and Student Services. Students may always provide feedback, seek assistance, and express grievances in person, in writing, by phone, by email, or by live chat/Skype sessions. Formal grievances/complaints must be submitted in writing, either by mail or email, to Student Services. Written complaints may be sent by email to support@anaheim.edu or mailed to Anaheim University Admissions Office, 1240 S. State College Blvd Rm 110, Anaheim, CA 92806, USA.

Anaheim University defines a complaint as a formal statement made in writing that outlines a specific grievance which is interfering with the student's perceived ability to succeed in their chosen program of study. Once a complaint is received, it will be directed to the appropriate department and the individual responsible for overseeing that department. Grievances that cannot be resolved by the department will be referred to the Vice President of Administrative Affairs or the Office of the President. All formal grievances/complaints will receive a response within 10 days of the University receiving the complaint.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling 888-370-7589, or by completing a complaint form, which can be obtained on the Bureau's internet Web site: www.bppe.ca.gov.

Any questions or problems concerning this school which have not been satisfactorily answered or resolved by the school should be directed to the Bureau for Private Postsecondary Education at P.O. Box 980818, West Sacramento, CA 95798-0818. Phone: (916) 431-6959.
